

“HOT SAUCE”

With Hal Youngblood

A Church with Vitality is the Best

“Hot Sauce for the Human Soul”:

If you are eager to help shape a church which is full of vitality, where people are eager to be involved in ministry, that is reaching out into its community, transforming lives and serving Christ with “extraordinary hospitality”, then make plans to attend the Growth Ministry Team’s fall workshop at La Foret, Sunday September 26 thru Tuesday September 28th.

Bring your leadership team to create the Hot Sauce recipe that will enable you to help your church move toward a transformational focus using the following steps:

- Identify and reflect on your mission statement to target people outside the walls of the church building
- Focus your evangelism and mission efforts largely on your own community
- Help people connect to your outreach efforts
- Resist the temptation to be all things to all people
- Take time to develop a strategic plan that bridges your church’s passions and strengths with the needs of people in your community
- Engage a large percentage of your membership in the process of discovering your community and developing your strategic plan

Recipe

Reserve the dates: September 26 –28
Register your team at www.rmucc.org
Download your “First View Maker” from Link2Lead.com
Come expecting to work, learn, and have some fun.

Workshop Leaders: Hal Youngblood, Tom Rehling, David Popham, and the Growth Ministry Team of the Rocky Mountain Conference UCC.
