

Walk Across Colorado

(Friday morning workshop, 10:30 – 12:00)

Led by Rev. Scott Lovaas, Associate Minister, Broadmoor Community Church

Broadmoor Community Church would like to work with other RMCUCC churches on a 'Walk Across Colorado.' Following the model from Cross Walk America (www.CrossWalkAmerica.org) and the Phoenix Affirmations we would like to organize a North-South walk along the Front Range with a theme such as immigration, environment, or progressive social action. We envision the walk beginning soon after Easter 2008. Two teams would start at each end of the state and meet in Colorado Springs, which is about halfway (150-170 miles). Walk Across Colorado would end with a rally, conference and talk from a nationally known speaker. Teams would walk 12-15 miles a day and would stay in churches along the way. Individuals and churches could participate in the whole walk or just parts. The purpose of the walk is not to raise money but to increase awareness and solidarity.
