

FAITH NURTURING MINISTRY TEAM ANNUAL REPORT 2007-2008

Our ministry team welcomed new members and continued to pursue and enhance our outstanding opportunities in Outdoor Ministries (camps), retreats, education and workshops. Our four meetings, held in person, in absentia, and by conference call dealt with new opportunities:

- Online registration for all retreats and camps
- Writing and implementing guidelines for campers with special needs
- Facilitating youth travel to National Synod in 2007 and to the National Youth Event in Tennessee in 2008

Faith and Nurture continues to support:

- Strengthening High School and Middle School Retreats and their committees
- The success of GLBT gatherings held most recently in Utah
- Educating church leadership in Our Whole Lives training available in Denver this June 27th through June 29th.

We rejoice in the fact that our camps are full to overflowing. We salute our campers, counselors and directors who work together with love and devotion. These outdoor ministry experiences will provide the leadership for our churches and conferences in the RMC and beyond for years to come. Congratulations to Teddy Hampton on her twenty years of loving dedication as Director of Pioneer Camp.
